

Happy Song

Words by Anonymous
Music from a Czech folk song

Pictures from: The Friend

Ducks in the pond
quack a happy song.

Mother hens cackle
the whole day long.

Birds in their nests

and wind in the treetops

All join in singing a happy song.

Children are singing
a happy song,

Singing together
the whole day long.

Don't mind the weather;
let's sing together,

All join in singing a happy song.
